August 19, 2011

2011 Coal-Gen Conference

**Winner Announced In Hammer X Drawing!**

Columbus, OH – During the 2011 Coal-Gen Conference, held August 17-19, 2011 at the Columbus Convention Center, Orbital Tool Technologies held a drawing for a Hammer X Golf Driver. From a large number of entries, one name was picked. Orbital Tool Technologies is pleased to announce the following winner...

Mr. Bill Maiden

Edgecombe Genco, Battleboro NC.

**Congratulations Mr Maiden!**

Thanks to all of the attendees who visited Orbital Tool Technologies exhibit at the Coal-Gen and registered to win the Hammer X Driver.

About Orbital Tool Technologies

Orbital Tool Technologies is a single source supplier of quality on site machining and welding services designed to efficiently modify, repair, or restore existing and/or damaged plant equipment. We maintain a highly advanced equipment inventory in order to address virtually every on-site machining and welding need regardless of industry. The company is headquartered in Belvidere, IL.
