2011 AEP Bro Forum Show

Winner Announced In Hammer X Drawing!

Columbus, OH – During the 2011 AEP BRO Forum Show, held August 8-11, 2011 at the Columbus Convention Center, Orbital Tool Technologies held a drawing for a Hammer X Golf Driver. From a large number of entries, one name was picked. Orbital Tool Technologies is pleased to announce the following winner...

Mr. Patrick C. Hale

General Plant Manager

American Electric Power, Rockport IN.

Congratulations Mr. Hale!

Thanks to all of the attendees who visited Orbital Tool Technologies exhibit at the AEP Show and registered to win the Hammer X Driver.

About Orbital Tool Technologies

Orbital Tool Technologies is a single source supplier of quality on site machining and welding services designed to efficiently modify, repair, or restore existing and/or damaged plant equipment. We maintain a highly advanced equipment inventory in order to address virtually every on-site machining and welding need regardless of industry. The company is headquartered in Belvidere, IL.
